

I am writing this on behalf of future generations of Americans. We (you and I) have a responsibility to ensure that democracy thrives without the heavy handedness of large corporations. Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

I respectfully ask your agency to do all it can to resist large consolidation of media power and, if you can't do that, than to try mightily to make sure they act responsibly. Sinclair is patently not acting responsibly in the context of their use of free public airways.

Thank you for your consideration.
